1. iPad of your choice

- Any iPad compatible with iPadOS and **iOS 16.4 or later will be ok**, but a newer and faster one will give the best possible experience!
- Relevant for use as both POS and KDS
- Manufacturer product [website](#)

2. iPhone of your choice

- **iOS version 16.4 or later is required**
- For use with iPhone POS and ExtendaGO Ctrl app
- Manufacturer product [website](#)

3. Payment terminals

To be described in this document: [ExtendaGO POS supported payment terminals](#)

3.1. SumUp

3.1.1. SumUp Air

- Low hardware cost
- Crib for use as a stand with charging available
- Manufacturer [website](#)

3.1.2. SumUp Solo

- Low hardware cost
- Charging station
- Manufacturer [website](#)

3.2. Nets

3.2.1. Ingenico Move/3500

- Manufacturer product [website](#)
- Connection type: Wifi, 4G

3.2.2. Ingenico Move/5000

- Connection type: Wifi, 4G
- Intuitive interface for best-in-class user experience

- Manufacturer [website](#)

3.2.3. Ingenico Lane/5000

- Connection type: Wired ethernet
- Accelerated checkout, with electronic signature and boosted NFC acceptance
- Manufacturer [website](#)

3.2.4. Ingenico Link 2500

- Connection type: Bluetooth.

- Specifically engineered for flexibility to accept all payment methods including NFC/Contactless, Apple Pay and Samsung Pay
- Manufacturer [website](#).

3.3. Adyen

3.3.1. Verifone e285

- Wifi connectionAdyen acquirer
- Service friendly and Pocket-sized
- Manufacturer [website](#)

3.3.2. SIE

- Wifi connection

- Accept credit, debit, and gift cards
- Manufacturer [website](#)

3.3.3. SIF2

- Wifi connectionAn all-in-one Android device with printing power
- Receipt printing supported
- Manufacturer [website](#)

3.3.4. AMS1

- BT / Wifi / 4G connection
- Seamless checkout experiences
- Manufacturer [website](#)

3.3.5. NYC1

- BT (BLE) connection
- Long-lasting battery
- Manufacturer website

3.4. CCV

3.4.1. Mobile A920

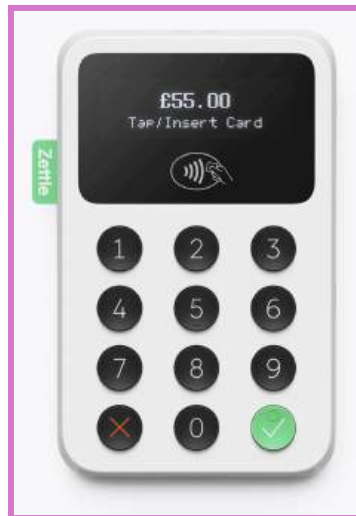

- Wifi, 4G connection
- PayDroid, an Android self-contained operating system.
- Manufacturer website

3.5. Zettle by Paypal

3.5.1. Zettle Reader 2

- BT connection
- Quick setup – done in minutes
- Manufacturer website

3.6. ITOS

3.6.1. CM5

- BT connection
- High speed transactions
- Manufacturer [website](#)

3.7. VivaWallet

3.7.1. Mini Card Reader

- Bluetooth connection
- Supports payments with smartcards or contactless
- Manufacturer [website](#)

4. Countertop payment terminals

4.1. Verifone P400

- Ethernet/ WiFi connection
- Simple and smart
- Manufacturer [website](#)

4.2. Verifone M400

- IP connection
- Safely accept all payment types including EMV, contactless, and mobile.
- Manufacturer [website](#)

5. Receipt printers

5.1. Star mC-Print3 Thermal Printer

- USB, LAN and Cloud connectivity in compact and stylish cube design
- Additional USB-A host ports to control additional peripherals such as customer display, scanner etc.
- 250mm/sec print speed
- Manufacturer [website](#)

5.2. Star Mc-print2 thermal printer

- Compact and stylish 96 x 113 x 100mm
- 100mm/second, 58mm front feed, top-loading thermal receipt printer with receipt de-curl function
- USB, LAN and Cloud connectivity
- Manufacturer's [website](#)

5.3. TSP743II Thermal Printer

- Equipped for easy mobile printing
- USB, Ethernet, Bluetooth, CloudPRNT, and WebPRNT connectivity
- For use with [ExtendaGO App](#)
- Manufacturer [product website](#)

5.4. Star mPOP

- Combined Printer and Cash Drawer
- New version available, mPOPCI: with USB hub, where you can charge the iPad, print over the cable and get scans from a connected scanner

- Manufacturer product [website](#)

5.5. Epson TM-T88VI

- Prints 300mm per second
- Paper reduction function
- Bluetooth version required, options for BT, LAN, or wifi available
- Manufacturer [website](#)

5.6. Star TSP143IIU

- Entry-level receipt printer with USB connectivity
- Paper and energy saving features plus a 4 year warranty as standard
- All set-up accessories are included in the box at purchase.
- Manufacturer [website](#)

5.7. Star TSP143IIIBI2 GY E+U

- Entry level Bluetooth receipt printer
- 4 year warranty
- Manufacturer's [website](#)

5.8. Seiko RP-F10

- Models RP-F10-K27J1-4 and RP-F10-K27J1-5
- Top and front paper exit
- Very compact 127mm x 127mm x 127mm
- Max. printing speed 250mm/s
- IPx1 protection (front paper exit model)
- Optional buzzer
- Easy BT pairing via NFC (Bluetooth model)

- USB, USB-C or BT interface
- Manufacturer product [website](#)

6. Kitchen Printers

6.1. SP742 Impact Printer Star

- Apple MFi-certified Bluetooth connectivity available
- Versatile connectivity options: USB, Ethernet, Bluetooth, WLAN, Parallel, Serial
- Manufacturer product [website](#).

6.2. SLP720RT / 721RT seiko label printer

- Wireless LAN model
- EU/AC adapter
- AC cable included
- Manufacturer product [website](#).

7. Portable receipt printers

7.1. Star SM-S230i

- Super compact & durable design
- Manufacturer product [website](#)

8. Scanners

8.1. Zebra Symbol 2D DS 9208/9308

- Scan Technology: Imager for 2D barcode scanning
- Applications: Versatile applications in retail, healthcare, logistics, and more.
- Connectivity: Offers USB and RS-232 interfaces for connectivity options.
- Barcode Compatibility: Capable of scanning both 1D and 2D barcodes.
- Performance: Fast and accurate scanning for enhanced operational efficiency.

8.2. Zebra Symbol CS4070

- 2D Bluetooth connected scanner
- Recommended for desktop and mobile use
- Manufacturer [website](#)

8.3. Zebra Symbol CS6080

- 2D Bluetooth connected scanner with mounting options
- Recommended for desktop and mobile use
- Manufacturer [website](#)

8.4. Socket mobile scanner

- All purpose scanners
- Native data capture and support.
- It's fast, accurate and error-free, providing highly productive data capture.
- Exclusively focused on Bluetooth mobile and countertop scanning and contactless reading, giving you data-capture and POS performance
- Manufacturer product [website](#)

We recommend Socket Mobile S700 series for desktop use, and Socket Mobile S820 for mobile use

8.5. Star BSH-20B

- Stylish design, long battery life, and reliable wireless transmission.
- The latest Bluetooth 5.0 technology, the wireless handheld scanner effortlessly maintains a reliable wireless connection to transmit data.
- Manufacturer product [website](#)

8.6. Star BSH-32B

- Efficiency featuring a powerful CPU and high-resolution image sensor, enabling it to accurately read both 1D and 2D barcodes from multiple surfaces, including paper, uneven materials, or digital displays.
- With Bluetooth 5.0 connectivity, it supports up to 12 hours of continuous wireless scanning operation and can be simply charged using the charging cradle.
- Manufacturer product [website](#)

8.7. Star BSD-40U

- High-powered CPU and a high-resolution image sensor, making it adept at reading 1D and 2D barcodes from various surfaces, including paper, uneven media, and digital screens.
- Its superior IP52-rated design and 1.2m drop resistance ensures long-lasting reliability.
- Manufacturer product [website](#)

9. Customer displays

9.1. Star SCD222

- ExtendaGO certified equipment ★
- Comes in white or black
- Requires Star mC-Print3 Thermal Printer
- 2 lines of graphics
- Blue back-lit 160 x 40 pixel display.
- 141 x 79 x 60mm / 210g
- USB connection with Star mPOP and Star mC-Print Series
- Manufacturer product [website](#)

9.2. Seiko DSP-A01

- 4.3inch color LCD (W480 x H272 pixels)
- Various installation methods:
 - Mounted on printer (RP-F10), Stand-alone,
 - Fixing screw (wall mount)
- Various display contents and applications will be available in the future. For now receipt info only is implemented.
- Printer error and its recovery method are displayed (Connect with RP-F10)
- Manufacturer product [website](#)

10. Label printers

10.1. mC-Label3

- High quality, versatile direct thermal label printer 203dpi
- Prints linerless re-stick, permanent linerless, traditional die cut, continuous labels and receipts
- Be aware it only prints from POS not from the CTRL app
- Manufacturer product [website](#)

10.1. Zebra ZD421

- ExtendaGO certified equipment ★
- BT or LAN
- For use with [ExtendaGO App](#)

- Manufacturer [product website](#)

10.2. Zebra GK420

- ExtendaGO certified equipment ★
- For use with [ExtendaGO App](#)
- Manufacturer [product website](#)

10.3. Zebra ZD411

- ExtendaGO certified equipment ★
- For use with [ExtendaGO App](#)
- LAN support only works with GO POS on iPad for these label printer
- Manufacturer [product website](#)

10.4. SLP720RT / 721RT seiko label printer for hospitality

- Wireless LAN model
- EU/AC adapter
- AC cable included
- Manufacturer product [website.](#)

11. Portable label printers

11.1. Zebra QLN220 (Discontinued)

- ExtendaGO certified equipment ★
- For use with [ExtendaGO App](#)
- Manufacturer [product website](#)

12. Cash drawers

The vast majority of cash drawers are compatible with ExtendaGO.

IMPORTANT: The cash drawer is connected through the printer, and Star, Epson and Seiko can be configured for active high or active low on the cash drawer port.

12.1. Entry Level Cash Drawer from APG

- Cost-effective, economical solution.
- Manufacturer [product website](#)

13. Tablet stands

13.1. Invue stands

These versatile stands come in various designs, accommodating different tablet sizes, and are essential for an improved tablet experience.

[NE150-SS-cobrandExtendaGO-090523.pdf](#)

14. Checkout scale

14.1. Dibal DPOS-400

- ExtendaGO certified equipment ★
- Modern design
- Affordable
- RS232 -> BLE dongle Airconsole LE DB9 required ([product website](#))
- Manufacturer [product website](#)
- Not applicable for use in Sweden

15. Discontinued equipment but compatible with ExtendaGO

15.1. Portable receipt printers

15.1.1. Epson TM-P20 series

- Manufacturer [website](#)

15.2. Portable label printers

15.2.1. Zebra QLN220

- Manufacturer [product website](#)

15.2.2. Zebra ZD410

- ExtendaGO certified equipment ★
- BT or LAN
- For use with [ExtendaGO App](#)
- Manufacturer [product website](#)

15.3. Scanners

15.3.1. Zebra Symbol 2D DS 9208

- Manufacturer product [website](#)

15.4. Payment terminals

15.4.1. Ingenico iSMP4

- Manufacturer product [website](#)
